DENISON VOTES BONDS FOR STEEL VIADUCT

Denison, Tex., Sept. 11.—Denison voted on Sept. 9, \$56,000 in bonds to be used in the erection of a concrete and steel viaduct connecting the business section with the south side of the city. The structure will be about 1,800 feet in length, spanning the Katy shops, and the tracks of the M. K. & T. and H. & T. C.

NOTICE TO PATRONS OF THE TELEGRAPH

I have accepted an invitation to join the Western Union service, and assumed management of their Ardmore office.

I can assure you it is the policy of the Western Union to give efficient and satisfactory service, to have each patron a pleased customer. The unequalled wire facilities of this company are such that it can render the public a useful service, and our patrons will find me willing to give them all they may expect in service. Courtesy is a portion of our service, we shall earnestly endeavor to please you and handle each telegram as a single transaction. I shall appreciate your favors.

W. T. SALISBURY,
Manager Western Union Telegraph Company.

STREET STORIES

Hunts mill has signed a contract with the Dundee and Kingsting school boards to furnish all mill work for the new school buildings to be erected at those places.

James K. Moore, chief clerk of the Adolphus Hotel at Dallas, is in Ardmore in the interest of the Adolphus. While here, he is a guest at the home of Mr. and Mrs. J. B. Dawson.

Mrs. B. W. Duke has been seriously ill at her home on E. street, N. W., having suffered a severe attack of fever. It will be pleasing to her many friends to know that she is now slowly recovering.

Friday afternoon the second bale of cotton of the season was received in this city, and purchased by Westheimer & Daube for 9.50 cents. The bale was grown by John Anglin who lives seven miles southeast of the city and beside the purchase price he was given a premium of \$30.00.

The chances for a co-operative creamery were officially buried yesterday afternoon when only four persons appeared pursuant to the call issued last Saturday to make arrangements to this end. This was the third and last meeting of those who tried to do something, and they state now that they are through and will operate their dairies independently and in their own way.

Wilson Gets First Bale
The first bale of cotton of the season was marketed at Wilson yesterday and purchased by Ward Brothers, the purchase price being \$10.75 cents. The bale was grown by L. M. Camp who was given a bonus of \$36.00 by the business men of Wilson.

LARGEST IN OKLAHOMA

Ardmore's Cigar Factory, Built by W. C. DeWitt, Has That Distinction.

Ardmore does not only have the largest cigar factory in the state, but Ardmore's cigar factory turns out cigars of the finest aroma of any sold in the state. That is due to the proper attention being given to the selection of tobacco that goes into them. There is another feature to the Ardmore cigar that makes them pleasant. They are always securely wrapped. They do not break and come to pieces. They burn evenly, too.

The Ardmore office happens to know of the flavor and of the superior make of these cigars, for a box of Hoo-Hos found their way into this office yesterday afternoon and every man on the force who uses the weed had access to the box. Here is a vote of thanks to W. C. DeWitt.

SIX TANKS ORDERED.

Believed McFarlin Will Be Sustained in His Activities.

The developments in the oil industry during the past week indicate that the Healdton field will be a busy spot until such time as the field is pretty well drilled up.

It is reported that when Robert McFarlin came here to make the purchase of lands for a tank farm that he came by Oklahoma City and visited the corporation commission and told the commission that he was coming to Healdton to take charge of his property and to operate it as if he owned it. He bought the farm and has ordered in six tanks, as a starter.

Mr. McFarlin has never been a fighting producer. While others have indulged in making complaints to the corporation commission, he has remained at his office and kept his wells busy; while others have been spending their time resisting orders of the commission Mr. McFarlin has obeyed them, and kept on with his work. Those who know him best do not believe that he will have any trouble with the commission in his Healdton activities. They believe that he knows just about what he is doing, and is acting in his own rights, and will be sustained by the commission if any trouble occurs.

BOND ISSUE TO BE REVIVED ONCE MORE

THIS TIME CITY DADS HOPE TO PUT DEAL THROUGH, WHEREBY SMALL CLAIMS MAY BE LIQUIDATED.

Some time ago the city commissioners made preliminary arrangements to float funding bonds to take up outstanding warrants and judgments against the city. An ordinance was passed to that effect, and the preliminary legal steps taken, but for some reason the court has never passed upon the question, and, as the matter was held up for reasons, the city commissioners will be compelled to do the work all over again, according to a statement of Commissioner Hoard yesterday morning.

The amount of the issue will be approximately \$6,000, and as the bonds have been bargained for, it will put the indebtedness outstanding against the city in these warrants and judgments in the hands of one man without additional cost to the city, as the bond people agree to bear all expense of the issue.

Mr. Hoard stated that the matter would probably come before the city commissioners within a short time for action.

"SELL YOUR HAMMER AND BUY A HORN"

lights facing inward—merely to more thoroughly illuminate the brightest occasion that has happened in the city's and county's history for years.

There will be no long-winded, tedious program, just a few short speeches—Judge Harrell, will probably state the object of the meeting, and Mayor Mullen in his usual, enthusiastic manner will tell the audience, why and just how "strong" he is for the new club—then, if you feel "it's got to come out," you may get up there yourself and "tell 'em about it." During this program the auto owners are expected to gather around the band stand as closely as possible, and some of the original instigators will pass among them with application blanks for membership. Then, if you sign one of these, it makes it your organization and it is up to you to say, what it shall do, and what shall be done. A meeting will be arranged for at which the by-laws and constitution of the new organization will be decided upon, and, if you become a member Tuesday night, you will have the privilege of helping to decide just what these laws and rules shall be.

After conclusion of the business session, the automobiles present will deploy in parade down Main street, led by Mayor Mullen. Every man is expected to have his horn in good working order, just to let them know they are coming and that the biggest "noise" in the state has just been brought into the world—and the very force of its origin, the auspicious circumstances attending its creation should keep every newly-made member working with might and main for the "A. A. A." and its worthy objects.

ANOTHER NOTE FROM BERLIN

(CONTINUED FROM PAGE ONE)

may be recalled or dismissed from the country.

Coupled with Germany's disappointing and unsatisfactory explanation of the sinking of the White Star liner Arabic after Count von Bernstorff had given assurances that full satisfaction would be given if it were established that a German submarine sunk the ship, official Washington views the friendly relations with the Germanic powers strained more toward the breaking point than ever before.

Hopes that the submarine crisis had been safely passed, and that a break between Germany and the United States had been avoided, were dis-

With the Sick

Misses Eggleston and Ragsdale who were injured by an auto Friday were reported to be getting along as well as could be expected under the circumstances yesterday. Both young ladies were very sore from their severe shaking up, and it will be several days before they will be able to resume their duties.

placed today by misgivings. Talk of the possibility of breaking diplomatic relations was heard again, although this time it involved both the central powers, on the theory that Austria, after having her ambassador practically dismissed from the country, might stand with her ally in relations with the United States.

Parents, send your children to Dixons for shoe repairing. Get rulers and pencils free. 9-3

Robbery Near Abilene.

Abilene, Tex., Sept. 11.—Four stores were robbed at Hawley, north of here last night. A safe was blown in one store. It is believed that a gang of yeggmen is operating in this section.

"Dennes' Motto No 7"

EACH STATE, County and City should have an expert, at the end of every six months, to thoroughly examine into the affairs of every office-holder, and make a public statement of his efficiency and the condition of his office.

WHY? Because the U. S. government demands it every Four Months, and, the smaller the business, the more necessary it is that its interests should be rightly managed.
